

July 12, 2007

LLNS Total Compensation Design and  
Strategy  
NNSA Approved Benefits Package

# Employee Categories and Total Compensation Package Decision Chart

Notes:

- (1) "Transferring Employees" are those employees who transfer from employment with the UC to employment with the Contractor on 10/1/07 who do not retain UCRP service credit for prior service and cease to be participants in UCRP.
- (2) UC Nonvested Transferring Employees electing TCP2 will not retain UCRP service credit for prior service and will cease to be participants in UCRP.
- (3) "Transferring Employees" who have retired from UCRP, and been rehired as Lab Associates will participate in TCP1 401(k) plan – but no additional accruals in TCP1 defined benefit plan.

# Retirement Programs

Substantially Equivalent (TCP1)	Market Based (TCP2)
<p>Defined Benefit Pension Plan substantially equivalent in the aggregate to the UCRP</p> <ul style="list-style-type: none"> <li>▪ Formula is 2.5% of high 3-year average pay reduced by Social Security offset, with Cost-of-Living Adjustments</li> <li>▪ Formula for Safety members is 3% of high 3-year average pay, with Cost-of-Living Adjustments (subject to nondiscrimination testing)</li> </ul>	<p>Defined Benefit Pension Plan</p> <ul style="list-style-type: none"> <li>▪ None</li> </ul>
<p>Defined Contribution Plan</p> <ul style="list-style-type: none"> <li>▪ Create unmatched 401(k) plan – i.e., gives employees opportunity to save for retirement on tax deferred basis</li> <li>▪ Maximum annual employee pre-tax savings of \$15,500, subject to non-discrimination testing (plus allowable catch-up contributions)</li> </ul>	<p>Defined Contribution Plan</p> <ul style="list-style-type: none"> <li>▪ 401(k) plan with employer match plus unmatched contribution</li> <li>▪ Match is 100% of pay on first 6% of pay</li> <li>▪ Service based contribution: 3.5% per year for 0-9 years of service, 4.5% for 10 -19 years of service, 5.5% for 20+ years of service</li> <li>▪ Maximum annual employee pre-tax savings of \$15,500 (plus allowable catch-up contributions)</li> </ul>
<p>Retirement Medical</p> <ul style="list-style-type: none"> <li>▪ Service-based (100% employer contribution cost paid after 20 years, 5% increments between 10-20 years, 50% with 5-9 years AND age &amp; service of 75+, 0% under 5 years.)</li> </ul>	<p>Retirement Medical</p> <ul style="list-style-type: none"> <li>▪ Access-only for new hires</li> <li>▪ Service-based for Inactive Vested Transferring Employees (100% employer contribution cost paid after 20 years, 5% increments between 10-20 years, 50% with 5-9 years AND age &amp; service of 75+, 0% under 5 years). Service is frozen as of September 30, 2007.</li> </ul>

## Definition

- “Will replicate” means the benefit delivered will be substantially equivalent in the aggregate

# Total Compensation Package 1

## Summary of Current UC and Future LLNS TCP1 Defined Benefit Plans

Provision	Current University of California Retirement Plan (UCRP)	Future LLNS TCP1 Defined Benefit Plan
Eligibility	<p>Three tiers based on position.</p> <p>1) Immediate eligibility: “eligible appointments” at least 50% time schedule</p> <p>2) 1000 hours in 12 months (rolling): Limited appointments, contract positions, “noncareer” positions</p> <p>3) 750 hours (no stated period): “Non-Senate Instructional Unit</p>	<p>Active participants in the UCRP (or active employees in an eligible employment classification) on September 30, 2007 who</p> <ul style="list-style-type: none"> <li>• Have not retired or have not elected inactive vested status in the UCRP, and</li> <li>• Join LLNS on October 1, 2007 (or join on a later date if on an approved leave of absence from UC on October 1, 2007, and</li> <li>• Elect TCP1 prior to joining LLNS.</li> </ul>
Mandatory Member Contributions	Plan provisions exist in the UCRP for employee contributions. While allowed, no contributions are currently required.	Will replicate UCRP plan provisions regarding ability to require member contributions in the future. While allowed, no contributions are currently required. Note: If contributions are necessary, will consider what percentage UCRP is/has required.
Employer Contributions	As required per annual actuarial valuation.	As required per annual actuarial valuation.
Capital Accumulation Provision (CAP)	Fully vested accounts arising from ad-hoc employer contributions.	Will not retain this provision, nor transfer accounts from the UCRP.
Service credit for accumulated sick leave	Credited at retirement	Will retain this practice in LLNS Plan and accept transfer of service credit as elected by transferring employee.
Vesting	5 years (or age 62 if participated before 7/1/89)	May move to 3-year cliff vesting and add full vesting at normal retirement age (ERISA requirement). IRS guidance regarding “hybrid” plan may require that vesting be changed to 3 years.
Special Service Crediting Rules	Various buyback provisions	Will not replicate buy back provisions due to IRS rules. LLNS will accept service credited under UCRP as reported by UCRP administrator.
Reciprocity with Public Sector Plans	Reciprocity with CalPERS, CalSTRS and several county systems.	Will not replicate due to complications under IRS rules

# Total Compensation Package 1

## Summary of Current UC and Future LLNS TCP1 Defined Benefit Plans (cont.)

Provision	Current University of California Retirement Plan (UCRP)	Future LLNS TCP1 Defined Benefit Plan
Basic Benefit Formula	<p>4 formulas in Plan</p> <ul style="list-style-type: none"> <li>▪ Social Security eligible: 2.5% of highest 3-year average pay less \$133 per year of service less noncontributory/leave offset</li> <li>▪ SS ineligible: 2.5% of highest 3-year average pay per year of service less noncontributory/leave offset</li> <li>▪ Safety members: 3% of highest 3-year average pay per year of service less noncontributory/leave offset</li> <li>▪ Tier II: 1.25% of highest 3-year average pay per year of service</li> <li>▪ Age factors are lower for retirement prior to normal retirement age for all members except Safety</li> <li>▪ Service is effectively capped at 40 years (33-1/3 years for safety members)</li> </ul>	<p>Will replicate basic formulas. Prospectively the Social Security ineligible formula is to be continued only for those who are able to demonstrate that they do not attain “fully insured” status under Social Security. Separately, Social Security taxes paid by the employee may be refunded in the future with the same demonstration of non-eligibility.</p> <p>Nondiscrimination testing will be required if, after legal review, formula is found not to be safe-harbor. Inclusion of Safety members could add additional complexity to nondiscrimination testing, and the testing results may require modifications.</p>
Pensionable Compensation	<p>High Average Pension Compensation (HAPC) – High 36 months over entire career. Compensation cap is \$305,000 for Members active before 7/1/94.</p>	<p>Will replicate HAPC provisions, except that compensation will be capped at lower ERISA limits for members active before 7/1/94. LLNS non-qualified excess benefit plan will be expanded for participants impacted by this limitation.</p>

# Total Compensation Package 1

## Summary of Current UC and Future LLNS TCP1 Defined Benefit Plans (cont.)

Provision	Current University of California Retirement Plan (UCRP)	Future LLNS TCP1 Defined Benefit Plan
Forms of Payment	<p>Lump Sum Cashout or</p> <p>“Normal” Payment Form:</p> <ul style="list-style-type: none"> <li>▪ Life annuity with 25% survivor continuance to “eligible” survivors (50% for Social Security ineligible and Safety)</li> <li>▪ Life annuity <i>only if</i> no “eligible” survivor at retirement date</li> </ul> <p>Optional forms of payment: with respect to share of Basic Retirement Income <i>not</i> subject to survivor continuance (75% for SS eligible, 50% for SS ineligible and Safety):</p> <ul style="list-style-type: none"> <li>▪ Life annuity</li> <li>▪ 100%, 66 2/3% or 50% joint &amp; contingent</li> </ul> <p>Special optional form that may be elected by participant with spouse or domestic partner:</p> <ul style="list-style-type: none"> <li>▪ 50% joint &amp; survivor with spouse or domestic partner with respect to 100% of Basic Retirement Income</li> </ul> <p>Spousal consent is not required to elect optional form of payment.</p>	<p>Due to ERISA considerations (described below) and DOE contract provisions, forms of payment will be simplified. The following optional forms of payment will be offered:</p> <p>“Normal” Payment Form: Married participants: 50% joint and survivor annuity with spouse Single participant (including participant with domestic partner): Life annuity</p> <p>Optional forms of payment:</p> <ul style="list-style-type: none"> <li>▪ Life annuity</li> <li>▪ 100%, 66 2/3% or 50% joint &amp; contingent annuities with any chosen beneficiary (including domestic partner)</li> <li>▪ 75% joint &amp; survivor option must be added due to 2006 Pension Protection Act</li> </ul> <p>As required by ERISA, the “normal” form of benefit for a married participant will be a 50% joint &amp; survivor annuity. The spouse must consent to any optional form of payment or designation of another beneficiary, except a joint &amp; survivor annuity that provides a larger survivor benefit to the spouse.</p> <p>The survivor continuance feature will be eliminated but additional value will be provided in order to eliminate administrative complexity of meeting ERISA requirements. This value will be provided by increasing the 50% joint and survivor annuity and 100%, 66 2/3% and 50% joint &amp; contingent annuities by 2.4% percent (4.8% for current Social Security ineligibles and Safety).</p> <p>New plan will include ERISA spousal consent requirements.</p> <p>The lump-sum cashout will be eliminated because ERISA lump sum requirements result in a possible windfall benefit. NNSA and LLNS have agreed that inclusion of a lump sum option would result in a benefit that is not substantially equivalent to the benefit under UCRP. If a lump sum is taken from UCRP, eligibility for retiree medical is forfeited.</p>

# Total Compensation Package 1

## Summary of Current UC and Future LLNS TCP1 Defined Benefit Plans (cont.)

Provision	Current University of California Retirement Plan (UCRP)	Future LLNS TCP1 Defined Benefit Plan
Social Security supplement	Social Security eligible-only: \$133 x service x age-based benefit factor, payable to age 65.	Will replicate.
Normal retirement	Age 60 with 5 years (Unreduced early retirement benefits available at age 50 with 5 years for Safety).	Will replicate. Must substantiate that Normal Retirement Ages are "reasonably representative of typical retirement age for the industry" in accordance with IRS final regulations.
Early retirement	Age 50 with 5 years. Not applicable for Safety.	Will replicate.
Early retirement reduction	Incorporated in age factors; equivalent to 5.6% per year from age 60. Not applicable for Safety.	Will replicate.
Disability benefit	5 years of service to be eligible. Benefit is a % of final pay, percentage depends on service. Percentage also depends on number of eligible children for Social Security ineligible and Safety. Converts to retirement benefit upon eligibility. Continued service and compensation. Accruals unless/until retirement benefit is as large as disability benefit. Earnings increased at cost-of-living.	Will replicate. If unable to replicate in the pension plan, will replicate in a H&W disability benefit plan.
Basic death benefit	\$7,500 payable to beneficiary upon member's death. Capital Accumulation Payment (CAP) with interest. Refund of remaining unpaid balance of employee contributions, with interest.	Will replicate \$7,500 death benefit and refund of employee contribution balance, if any.  CAP accounts were created by UC for a specific purpose that will not be applicable to LLNS.

# Total Compensation Package 1

## Summary of Current UC and Future LLNS TCP1 Defined Benefit Plans (cont.)

Provision	Current University of California Retirement Plan (UCRP)	Future LLNS TCP1 Defined Benefit Plan
Pre-retirement survivor benefit (prior to retirement eligibility)	<p>Requires 2 years of service/disability status</p> <p>Social Security Eligible: 25% of final pay, less \$106.40 after first 3 months of payment.</p> <p>Non Social Security Eligible: Minimum of 25% of final pay or \$200/month, increases based on number of survivors.</p> <p>Safety: Death in the course of duty - Minimum of 50% of highest 3-year average pay, increases based on number of survivors.</p> <p>Death not in the course of duty - Minimum of 25% of final pay or \$200/month, increases based on number of survivors.</p> <p>Tier II: 5% of final pay per year of service.</p>	<p>Benefits for all members will be improved to the extent needed to meet ERISA pre-retirement survivor minimum requirements, which generally require minimum of 50% pre-retirement survivor benefit for spouse.</p> <p>For all members, benefits in excess of ERISA pre-retirement survivor minimum requirements will be provided through a H&amp;W survivor income benefit plan. (Incidental death benefit rules cap the maximum percentage of Basic Retirement Income that can be paid to non-spouse beneficiaries. The amount of the reduction will vary, depending on the relative ages of the plan member and non-spouse beneficiary.)</p>
Pre-retirement survivor benefit (retirement-eligible members)	<p>Similar to 100% J&amp;C option, or pre-retirement-survivor benefit (described above) if greater. Provided to spouses and domestic partners only.</p> <p>Temporary Social Security supplement as well.</p>	<p>For all members, benefits in excess of ERISA pre-retirement survivor minimum requirements will be provided through a H&amp;W survivor income benefit plan. (Incidental death benefit rules cap the maximum percentage of Basic Retirement Income that can be paid to non-spouse beneficiaries. The amount of the reduction will vary, depending on the relative ages of the plan member and non-spouse beneficiary.)</p>
Cost-of-living adjustments to benefits	<p>July 1 based on preceding year's CPI (Los Angeles &amp; San Francisco February to February).</p> <p>100% of CPI increase up to 2%.</p> <p>75% of CPI increase over 4%.</p> <p>Maximum 6% COLA.</p>	<p>Will replicate with exception that effective July 1, 2008, COLA in initial year of retirement will be pro-rated based on number of monthly payments received out of 12.</p>

# Total Compensation Package 1

## Summary of Current UC and Future LLNS TCP1 Defined Benefit Plans (cont.)

Provision	Current University of California Retirement Plan (UCRP)	Future LLNS TCP1 Defined Benefit Plan
Cost-of-living adjustments to highest average plan compensation (HAPC)	July 1 based on preceding year's CPI (Los Angeles & San Francisco February to February). 100% of CPI increase up to 2%.	Will replicate with exception that effective July 1, 2008, COLA in final year of employment will be pro-rated based on number of completed months of employment out of 12.

# Total Compensation Package 1

## Highlights of Current UC and Future LLNS TCP1 Defined Contribution Programs (cont.)

Provision	Current University of California Defined Contribution Plans	Future LLNS TCP1 Defined Contribution Plan
Eligibility	All employees except students working < 20 hours/week.	Active participants in the UCRP (or active employees in an eligible employment classification) on September 30, 2007 who <ul style="list-style-type: none"> <li>• Have not retired or have not elected inactive vested status in the UCRP, and</li> <li>• Join LLNS on October 1, 2007 (or join on a later date if on an approved leave of absence from UC on October 1, 2007, and</li> <li>• Elect TCP1 prior to joining LLNS.</li> </ul> Rehired retirees classified as "Laboratory Associates"
Mandatory Member Pre-tax Contributions	401(a) DC Plan <ul style="list-style-type: none"> <li>▪ Social Security eligible: 2% of Covered Compensation to OASDI Wage Base, 4% in excess, minus \$19/month.</li> <li>▪ Non-Social Security eligible: 3% of Covered Compensation, minus \$19/month.</li> <li>▪ Summer Employees (Summer employees are members of the UCRP who accept an additional Summer term appointment) are required to contribute an additional 3.5% of their Summer salary.</li> </ul> 403(b) TDA and 457(b) <ul style="list-style-type: none"> <li>▪ No mandatory contributions.</li> </ul>	Mandatory pre-tax "pick up" contribution feature of 401(a) DC plan cannot be replicated.
Voluntary Member Pre-Tax Contributions	457(b) Plan <ul style="list-style-type: none"> <li>▪ "Normal" deferral, plus</li> <li>▪ "Special" catch up in last 3 years, plus</li> <li>▪ Age 50 catch up</li> </ul> 403(b) TDA <ul style="list-style-type: none"> <li>▪ "Normal" deferral, plus</li> <li>▪ "Special" catch up after 15 years of service, plus</li> <li>▪ Age 50 catch up</li> </ul> 401(a) DC Plan None	LLNS is legally prohibited from sponsoring a 457(b) plan; will not be replicated.  Employee pre-tax deferral opportunities will be reduced due to inability for LLNS to offer a 457(b) plan.  401(k) plan will replace the 403(b) TDA.

# Total Compensation Package 1

## Highlights of Current UC and Future LLNS TCP1 Defined Contribution Programs (cont.)

Provision	Current University of California Defined Contribution Plans	Future LLNS TCP1 Defined Contribution Plan
Employer Contributions	401(a) DC Plan <ul style="list-style-type: none"> <li>▪ 3.5% of Summer salary for “Summer employees” (Summer employees are members of the UCRP who accept an additional Summer term appointment).</li> </ul>	Contribution for Summer employees will be provided under TCP2.
Voluntary Member After-Tax Contributions	401(a) DC Plan - <i>only</i> <ul style="list-style-type: none"> <li>▪ After-tax contributions permitted per payroll deduction agreement, limited only by 415(c) 403(b) Plan and 457(b) Plan</li> <li>▪ None</li> </ul>	Will provide after-tax contributions in 401(k) plan. Pre-tax and after-tax contributions aggregated for 415(c) contribution limit ( \$45,000 for 2007). Will look into offering a Roth 401(k) feature in the future.
Rollover Contributions	All plans allow rollovers	401(k) plan can accept rollovers from all three current plans (401(a) DC plan, 403(b) TDA and 457(b) plan)
Vesting	Immediate	Immediate.
Withdrawals/ In-service Distributions	Both the 403(b) TDA and 457(b) plan allow for: <ul style="list-style-type: none"> <li>▪ Hardship withdrawals</li> <li>▪ Limited in-service withdrawals</li> </ul>	Will implement 401(k) safe harbor hardship rules (similar to 403(b) and more liberal than 457(b) rules).
Distributions on Severance from Employment	Members may elect distributions to begin any time after severance, except that distributions must begin as needed to meet IRS minimum distribution requirements.	Members may elect distributions to begin any time after severance, except that distributions must begin as needed to meet IRS minimum distribution requirements.
Forms of Payment	Various forms of payment, including partial distributions and purchase of annuity.	Plan will provide for lump sums, partial distributions and installments.

# Total Compensation Package 1

## Highlights of Current UC and Future LLNS TCP1 Defined Contribution Programs (cont.)

Provision	Current University of California Defined Contribution Plans	Future LLNS TCP1 Defined Contribution Plan
Investment options	Participant-directed. <ul style="list-style-type: none"> <li>▪ Core funds (UC Funds available)</li> <li>▪ Mutual funds</li> <li>▪ Brokerage Window</li> </ul>	A range of investment options will be offered. Cannot replicate current Core fund investment options and administrative expense levels since they are UC proprietary. However, investment options will be similar to the current options to the extent possible. New administrative expense levels may be higher than current Core fund levels, but will be within market standards. LLNS will negotiate with the plan vendor for market-based, competitive expense ratios.
Death benefits	Lump sum Beneficiary may request annuity purchase	Will be replicated.
Member Loans	403(b) TDA: <ul style="list-style-type: none"> <li>▪ Standard loan provisions</li> </ul> DC Plan and 457(b) Plan: <ul style="list-style-type: none"> <li>▪ Not available.</li> </ul>	Will implement standard loan provisions in the new 401(k) plan.

# Total Compensation Package 1

## Summary of Current UC 415(m) and Future LLNS TCP1 Non-Qualified Plans

Provision	Current University of California 415(m) Plan	Future LLNS TCP1 Non-Qualified Plan
Regulation under IRS Code Section 409A	UC 415(m) plan <u>not</u> subject to Code Section 409A rules.	LLNS Plan will be subject to Code Section 409A. Revisions to form and timing of benefit payments will be required, as described in the sections “Form of Payment” and “Commencement of Retirement Benefits” that follow.  Benefits provided from this plan will be reported as income on member’s W-2 forms in the year they are paid and to the extent required under new IRS 409A regulations.
Eligibility	UCRP members whose benefits are limited by benefit limitations under IRS Code Section 415(b).	Will be replicated, with the addition of including UCRP members active prior to July 1, 1994, whose pensionable compensation exceeds current ERISA compensation limits.
Member Contributions	None	None.
Employer Contributions	Unfunded.	Unfunded.
Vesting	Not vested.	Benefit promise will be enforceable under standard contract law.
Basic Benefit Formula	Provides difference between employer-funded portion of UCRP benefit without regard to 415(b) limitations and UCRP formula, as limited by 415(b). Include CAP payments if they are limited by 415(b) Redetermined annually on July 1.	Replicate benefit provided under current 415(m) plan and add provision of benefit in excess of IRS compensation limits for UCRP members active before July 1, 1994.

# Total Compensation Package 1

## Summary of Current UC 415(m) and Future LLNS TCP1 Non-Qualified Plans (cont.)

Provision	Current University of California 415(m) Plan	Future LLNS TCP1 Non-Qualified Plan
Forms of Payment	<p>Mirrors Member's elected form of payment under UCRP.</p> <p>Member who elects lump sum cashout from UCRP receives actuarially equivalent benefit paid in 120 monthly installments if benefit is &gt;\$35,000; Otherwise – lump sum payment.</p>	<p>Form and timing of benefit payments can no longer be linked to member's elections under retirement plan.</p> <p>They will be elected in the tax year before benefits are accrued – or as determined in accordance with plan terms, as required by the new IRS 409A regulations.</p>
Commencement of Retirement Benefits	<p>Linked to Member's election under UCRP.</p>	<p>Form and timing of benefit payments can no longer be linked to member's elections under retirement plan.</p> <p>They will be elected in the tax year before benefits are accrued – or as determined in accordance with plan terms, as required by the new IRS 409A regulations.</p>
Survivor benefits	<p>Provided to Eligible Survivor, Beneficiary or Contingent Annuitant of Member if benefits limited by 415(b).</p> <p>Determined in accordance with form of payment elected by member, or provisions of pre-retirement survivor continuance, or pre-retirement death benefits under UCRP.</p> <p>If Member elects lump sum cashout from UCRP, and receives 120 monthly installments, Beneficiary designated under the 415(m) Plan receives remainder of installments.</p>	<p>May simplify plan to pay lump sum survivor benefits as provided under the new IRC Section 409A provisions.</p>

## TCP2 Defined Contribution 401(k) Plan

Provision	Proposed LLNS TCP2 401(k) Plan
Eligibility	Immediate eligibility for those transfers who elect TCP2 (as described on page 7 of this presentation). Immediate eligibility for LLNS new hires, except rehired employees scheduled to work fewer than 832 hours.
Voluntary Member Pre-tax Contributions	Allowed, up to IRS limitations on elective deferrals. <ul style="list-style-type: none"> <li>▪ \$15,500 for 2007, plus additional \$5,000 catch-up for employees over age 50</li> <li>▪ 402(g) limit applies to combined elective deferrals with all employers (UC and LLNS)</li> <li>▪ Will look into offer a Roth 401(k) feature in the future</li> </ul>
Voluntary Member After-Tax Contributions	Allowed, up to IRS limitation on total contributions (including both employer and employee) to the plan. <ul style="list-style-type: none"> <li>▪ \$45,000 for 2007</li> <li>▪ Non-discrimination testing required (ACP test) on after-tax contributions and matching contributions</li> </ul>
Employer Matching Contributions	100% match on first 6% of member voluntary pre-tax contributions
Employer Non-matching Contributions	Service-based contribution: 3.5% per year for 0-9 years of service, 4.5% for 10 -19 years of service, 5.5% for 20+ years of service. 3.5% of salary for "Summer employees." Nondiscrimination testing will be required.
Investment Options	Participant-directed. A range of appropriate investment options, same as those available under TCP1.
Rollover Contributions	Plan will accept qualified rollovers, including 401(a), 403(b) and 457(b) amounts.
Vesting	Immediate on employee pre-tax, after-tax, employer match and employer non-matching contributions.
Withdrawals/In-service Distributions	Standard safe-harbor hardship withdrawal provisions. No other in-service distributions, except for rollovers and after-tax contributions. Matching contributions not available for hardship.
Distributions	Account balance will be paid upon retirement or termination in lump sum, partial lump sum or installment form of payment. Upon death of member, account balance will be paid to designated beneficiary.
Loans	Plan will include standard safe-harbor loan provisions.

# Total Compensation Package 2 Summary of Current UC and Future LLNS TCP2 Health & Welfare Plans

Provision	Current University of California H&W Plans	Future LLNS TCP1 & TCP2 H&W Plans

# Employee Communication

- LLNS Transition Q&A web site will regularly address questions submitted via a variety of mechanisms (e-mail, mail, phone calls, hotline, questions forwarded from UC LLNL, etc.)
- LLNS Transition HR Help Desk/Hot Line will be established and maintained to address questions and concerns.
- A series of “Town Hall” meetings will be held to educate, inform, and respond to employee questions and concerns about the approved benefit and pension plans, as well as other transition questions such as employment opportunities with the new contractor. Similar meetings will be held for retirees.
  - Dates for the meetings are:
    - Employees: 7/31, 8/1, 8/2, 8/6
    - Retirees: 8/7, 8/8, 8/15, 8/16
      - Times and places will be announced in NewsOnline, the LLNS Web site, and the Lab’s Transition Web site
  - Please note that representatives from UC will also be presenting and available to ask questions regarding the UCRP

# Legal Disclosures

- This presentation is a summary of the benefits LLNS will be providing as of October 1, 2007. While this presentation and the verbal statements of Plan representatives are meant to be accurate, the actual Plan documents and relevant laws will govern at all times.
- LLNS reserves the right to amend or terminate benefits at any time.
- Nothing in this presentation is meant to be a guarantee of employment or continued employment. Company policies on hiring, discharge, layoff and discipline are in no way affected by the plans and programs described here.
- LLNS's benefit plans are governed by a federal law known as ERISA, which provides rights and protections to plan participants and beneficiaries that are different than those applicable to public sector employees covered by State of California benefit provisions.

# Path Forward

- As part of the approval of the benefits package, LLNS must meet several conditions:
  - Change LLNS' BenVal cycle to begin in 2008 to correspond with LANS' cycle
  - Obtain for review and approval by December 31, 2007 a LLNS proposed list of comparator companies for a 2008 BenVal and Cost Comparison
    - If this does not occur, TCP2 package reverts back to using the originally proposed contract package from the May 2007 study effective the first pay period of January 2008
  - Complete BenVal and Cost Comparison studies by May 31, 2008
  - If one or both of these studies exceeds the 105% of the new comparator group, LLNS must submit a corrective action plan by August 31, 2008 to show a path to meet the “new” 105% above market average

# How to Submit Questions and Comments

- Via LLNS' Website: [www.llnslc.com](http://www.llnslc.com)
- Via LLNS' Hotline: 4-llns (4-5567)
